You will notice that you will be asked to upload a specification for every service you require from us and you maybe asked to send us your sample garment & pattern if you have not ordered from us a sample garment or grading / marker making. – We will send you 3 quotes per garment manufacturing. It is up to you to choose which quote you decide on. We may contact you to further discuss your requirements before we proceed to process your order. Make sure you quote your garment order number from your garment expression of interest on all specifications you submit to our office. This way we know who owns the order and how to proceed with the order.

## STOCK CONTROL

- Once your garments are ready for uploading onto the website go back to the Designer Lounge and start your stock control via the Colourway Size and stock control service
- Note this is for total stock you wish to commit to sell on SosoCoGlobal.com. This information advises our staff on how much you wish to sell in what colour and size ranges you wish to sell.
- We advise designers to set up further soft wear for stock control at their own direction from here on as a further measure to control stock movements between different points of sale.

Your garments are now ready for listing and selling. Await 24hours and your designs will be listed. We wish you all the best in selling your designs
